**RESOLUTION 21-253
AUTHORIZING EMERGENCY CONTRACT FOR POLICE STATION REPAIRS**

WHEREAS, Tropical Storm Ida landed in New Jersey on September 1, 2021 bringing severe weather conditions, including strong winds and heavy and sustained rainfall; and

WHEREAS, these severe weather conditions caused downed trees and power lines, damage to structures, and stream and river flooding; and

WHEREAS, widespread roadway flooding made many roadways in the Township impassable; and

WHEREAS, Governor Phillip Murphy declared a state of emergency in response to Tropical Storm Ida on September 1, 2021(EO 259); and

WHEREAS, on September 1, the Long Hill Police Department building was flooded with sewage as a result of the effects of the remnants of Tropical Storm IDA. This event plus subsequent flooding of the entire property forced the complete evacuation of the facility on September 2nd 2021. When the flood water receded, inspection of the ground floor of the building on September 3rd revealed conditions deemed so hazardous to the health and safety of police and civilian personnel that complete closure of the ground floor of the building was necessitated. The sewage had infiltrated the floor coverings on the ground floor, office furniture and other fixtures in contact with the sewage were contaminated and had suffered water damage, and there was significant threat of respiratory illness from airborne allergen and microorganism contamination. The ground floor of the Police Department is the area for public access, record retention, evidence storage, arrest processing, prisoner detention, and the site of all patrol operations. The disruption caused by the closure of this area and the inability of patrol officers to access facilities and critical equipment essential to their primary duties is significant; and

WHEREAS, as a result, the Township has been forced to lease two trailers for a minimum of three months; and

WHEREAS, even with the trailers, this situation has severely impacted the authority of the Police Department to protect the residents of Long Hill Township; and

WHEREAS, the Local Public Contract Law provides that:

“Any contract may be negotiated or awarded for a contracting unit without public advertising for bids and bidding therefor, notwithstanding that the contract price will exceed the bid threshold, when an emergency affecting the public health, safety or welfare requires the immediate delivery of goods or the performance of services, provided that the awarding of such contracts is made in the following manner:

- a. The official in charge of the agency wherein the emergency occurred... shall notify the purchasing agent... of the need for the performance of a contract, the nature of the emergency, the time of its occurrence and the need for invoking this section....” (N.J.S.A 40A:11-6); and

WHEREAS, the Department of Community Affairs has adopted the following rule setting forth the general requirements for the use of emergency purchasing:

(a) The use of emergency purchasing pursuant to N.J.S.A. 40A:11-6 or 18A:18A-7 shall be subject to the following requirements:

1. An actual or imminent emergency must exist requiring the immediate delivery of the goods or the performance of the service;

3. The emergency purchasing procedure may not be used unless the need for the goods or services could not have been reasonably foreseen or the need for such goods or services has arisen notwithstanding a good faith effort on the part of the contracting unit to plan for the purchase of any goods or services required by the contracting unit;

4. The contract shall be of such limited duration as to meet only the immediate needs of the emergency; and

5. Under no circumstances shall the emergency purchasing procedure be used to enter into a multi-year contract.

(b) The governing body of each contracting unit shall adopt rules or regulations as appropriate to the contracting unit to ensure that there is a procedure for determining and confirming the existence of an emergency and that the provisions for emergency purchasing pursuant to N.J.S.A. 40A:11-6 or 18A:18A-7 may be implemented. Such rules or regulations shall include such provisions that ensure that if initially designated individuals are not available, there is a designated chain of command to ensure that there are always appropriate individuals available to make such decisions. (*N.J.A.C. 5:34-6.1*); and

WHEREAS, the inability of the Township Police Department to occupy its headquarters affects the public's health, safety and welfare; and

WHEREAS, Chief of Police Ahmed Naga in a report entitled, "Emergency Procurement Invocation Tropical Storm IDA " dated September 15, 2021, notified the purchasing agent of the need for the fulfillment of an emergency contract; and

WHEREAS, the need for these emergency services resulting from the damage to Police Headquarters caused by Tropical Storm Ida could not have been reasonably foreseen; and

WHEREAS, the Township has received a proposal from Goldcon, Inc., 4 Walnut Avenue, Stirling, New Jersey 07980, to perform those emergency services necessary to restore the police station so that it can be properly utilized by the Long Hill Township Police Department; and

WHEREAS, the Township Committee finds Goldcon, Inc.'s proposal to be fair and reasonable; and

WHEREAS, the Chief Financial Officer has certified in writing the availability of adequate funds to pay the maximum amount of this contract; and

WHEREAS, the contractor has completed and submitted a Business Entity Disclosure Certification which certifies that the business entity has not made any reportable contributions to a political or candidate committee in the Township of Long Hill in the previous one year, and that the contract will prohibit the contractor named herein from making any reportable contributions through the term of the contract, as well as a Township pay-to-play certification:
